STEVIA  
ORGANIC STEVIA MATCHA  
TEA POWDER

## What is stevia ?

Stevia is an herb. The stevia plant thrives in a mild climate with pure water and abundant sunshine. A mature stevia plant is a small shrub, growing to a height of two to three feet that produces naturally sweet leaves. **The sweet compounds are extracted from the leaves.**

Stevia has proven to **be essential to the future of a healthier world.** A natural non-caloric sweetener, stevia is effective in lowering calorie count while satisfying the desire for sweet taste.

Lowering blood sugar and regulating glucose levels

Weight control

Prevention of pancreatic cancer

Low Blood pressure

Balance The Children's diets

No cases of allergic reaction
